

Databases and Repositories

The process of identifying the best fit for you to publish your work can be intimidating. What we have compiled below is just a starting point of where you can begin your research to determine what is right for you.

Options for Publication

Proquest Dissertations and Theses.

Proquest provides authors with non-exclusive rights and will upload your entire dissertation. To learn more, see [here](#).

Databases

To see a list of 101 databases broken down by topic focus, see [here](#).
